Jesus shares the story of Lazarus and the rich man does not seem to be a parable... Jesus says "there was." So Jesus makes it clear that people do go to Hell and suffer torment.

Christian growth in this country is currently declining. Church attendance is now at a low point, even though 82% of the nation claims they are Christian. Studies of many large evangelistic crusade events shows that approximately 94% of people do not get integrated into a church.

We need to find a method of evangelism we prefer, deliver it personally and effectively, and most importantly **follow up with them!**
